

Choices and Consequences Movie Scene

Create an outline for a movie scene about two characters who have some choices to make. Outline how the story would progress if they 1) make healthy choices, or 2) make unhealthy choices. Choose one of these scenarios or create your own.

Movie Plot 1: Two friends want to get a friend's house that's far away but they encounter some challenges along the way.

Movie Plot 2: Two students are in detention afterschool. They are supposed to sit quietly, but something unexpected happens.

Movie Plot 3: A pair of siblings want to plan a surprise for their mom, who is a chemistry teacher.

Movie Plot 4: One friend really likes a guy/girl and asks her friend to help her get his/her attention.

Set the stage

Who are the characters? Describe their qualities, personalities.

What's the scenario? What do they want or what challenge are they facing? What will get in the way of them getting what they want?

Where will the scene take place?

Choices and Consequences Movie Scene

Outline the plot

Decision Point #1- What obstacle do the characters face? What choice do they need to make?

Decision Point #2- What obstacle do the characters face? What choice do they need to make?

Conclusion- How does the story turn out? How do the choices impact their success / lives?

Turn your outline into a story- On a separate paper or computer, write the movie scene with descriptions of the setting, characters, situations. Be sure to describe how the choices and consequences make the characters feel.
